## PROJECTS

**20/10/2024 – 10/04/2025**

### **World Without Borders**

I took part in the UpShift program. It is an innovative global program by UNICEF. The theme of my project was the socialization of children with special educational needs (SEN). After the training, my team and I decided to conduct a series of educational workshops for children and teachers so they could learn how to communicate properly with students with SEN, as well as one joint workshop where everyone could interact together. We also decided to organize creative masterclasses so that children could spend more time together. The main idea was to create a social series for teenagers about interaction skills with students with SEN.

**20/01/2025 – 13/02/2025**

### **MAN**

I participated in the MAN in the pedagogy section, the topic of my research was "Modern Education: Challenges of Time in Pedagogy." I investigated the advantages and disadvantages of face-to-face, distance, and blended learning, as well as which of these types of learning students prefer.

## CREATIVE WORKS

**01/09/2023 – 30/05/2024**

### **Host at school events**

Invited to host various school events, where I was responsible for leading the program, engaging with the audience, and creating a festive atmosphere. This experience strengthened my confidence in public speaking, improvisation, and quick organizational skills.
